3. Licensee Fee.

(a) License Grant. Subject to Licensee's compliance in all material respects with the terms and conditions of this Agreement, IEEE grants Licensee a non-exclusive, non-transferable license to use the Licensed Products and to provide access to the Licensed Products electronically via the Internet only to Authorized Users at Authorized Sites or via Remote Access in accordance with the terms and conditions of this Agreement.

Licensee and IEEE will mutually determine how Licensee and its Authorized Users may access and use the Licensed Products to perform or engage in TDM. Licensee and its Authorized Users may make available or share and/or utilize TDM Output so long as the results are not used for commercial purposes or to substitute the Licensed Products.

(c) Restrictions. Except as expressly permitted in this Agreement, or under applicable copyright laws, Licensee and its Authorized Users may not: (1) download, reproduce, retain or redistribute the Licensed Products, in its entirety, or any journal or issue of a journal in the Licensed Products in any substantial or systematic manner, including, but not limited to, accessing the Licensed Products using a robot, spider, crawler, screen scraping or similar technological device; (2) electronically distribute, via e-mail or otherwise, any Article or eBook; (3) abridge, modify, translate or create any derivative work based upon the Licensed Products without the prior written consent of IEEE; (4) display or otherwise make available any part of the Licensed Products to anyone other than Authorized Users; (5) sell, resell, rent, lease, license, sublicense, assign or otherwise transfer any rights granted under this Agreement, including, but not limited to, use of the Licensed Products for document delivery, fee-for-service or any other substantially similar commercial purpose; (6) remove, obscure or modify in any way copyright notices, other notices or disclaimers that appear on Articles or eBooks or in the Licensed Products; (7) utilize the TDM Output to enhance institutional or subject repositories in a way that would compete with the value of the final peer-reviewed journal article, or have the potential to substitute and/or replicate any other existing IEEE product, service and/or

solution; (8) make the results of any TDM output available on an externally facing server or website other than as permitted in 3(b); or (9) permit a third party to harvest any TDM Output.

(d) Change in Number of Authorized Users. If Licensee acquires additional corporations or subsidiaries or merges with another entity and wishes to provide access to the additional locations, a fee increase commensurate with such change may be required before access and use of the License Products is provided to or for the benefit of the additional user population, Authorized Users and/or Authorized Sites. Likewise, if Licensee divests a significant operating group, division, or affiliate, then this Agreement may be subject to renegotiation.

(e) Publication. During the Term of the Agreement, and as described in Schedule D, Authorized Authors may submit articles for potential publication in the Journals. Nothing in this Agreement shall be deemed to guarantee publication of a submitted article in any Journal or IEEE publication. IEEE will strive to clearly indicate the availability of this agreement to Authorized Authors both within the submitting process and on the IEEE website.

4. Intellectual Property Rights.

(a) Ownership. Licensee acknowledges and agrees that all right, title and interest in and to the Licensed Products, including all copyright and other intellectual property rights under United States and international laws and treaties, remain with IEEE and its licensors.

(b) Protection. Licensee recognizes the value of the Licensed Products and agrees that unauthorized use and access may substantially harm IEEE. To prevent this, Licensee agrees that:

(1) Licensee shall make reasonable efforts to advise all Authorized Users of IEEE's rights and restrictions on the use of the Licensed Products set forth in Sections 3(c), 4(a) and 5 below.

(2) In the event that Licensee becomes aware of any unauthorized use of the Licensed Products, including but not limited to, by way of Licensee's IP addresses, equipment or other facilities, Licensee shall promptly give written notice to IEEE of such unauthorized use and use its commercially reasonable best efforts to eliminate such unauthorized use.

(3) Licensee shall at all times implement appropriate security policies, procedures, access control methodologies and network protection techniques to safeguard access to the Licensed Products. All such measures shall comply with prevailing industry standards but in no case consist of less than reasonable care.

(4) IEEE shall have the right to inquire about the security procedures being used by Licensee and suggest improvements.

5. Notice Regarding Artificial Intelligence (Prohibited use of IEEE Content)

1. Definitions:

(a) "IEEE Content" refers to any and all proprietary content, data, information, or materials owned or controlled by IEEE that is the subject of this Agreement, including but not limited to text, images, videos, audio, software, and any other digital or non-digital content.

(b) "Artificial Intelligence" or "AI" refers to any software, application, or system that uses artificial intelligence, machine learning, or similar technologies, whether now in existence or that may be developed in the future, to analyze, train, process, or generate content.

(c) "Machine Learning System" refers to the subset of artificial intelligence, whether now in existence or that may be developed in the future, that uses algorithms to ingest, analyze, and autonomously create models from data fed into a machine learning platform.

(d) "Large Language Model" refers to any machine learning model or system that can recognize, summarize, translate, predict, analyze sentiment, and generate text based on the patterns and relationships it has learned from massive datasets. Examples include, but are not limited to, GPT-3, GPT-4, PaLM 2, or any similar model or system, whether now in existence or that may be developed in the future.

2. Restricted Use:

Unless the express prior written consent of IEEE is obtained, Licensee shall not, and shall cause its employees, agents, and any third party acting on Licensee's behalf not to use any IEEE Content for the purpose of creating, training, enhancing, developing, maintaining, or contributing to any AI, Machine Learning

System, or Large Language Model, whether owned by Licensee or any third party. Without limiting the generality of the foregoing, this prohibition includes, but is not limited to, the following actions:

(a) knowingly uploading, transmitting, or otherwise providing IEEE Content to any AI, Machine Learning System, or Large Language Model for training or incorporation into their datasets;

(b) knowingly using IEEE Content as a source, training set, or benchmark for any AI, Machine Learning System, or Large Language Model;

(c) knowingly using IEEE Content to engage in any activity that may directly or indirectly result in the development, improvement, or expansion of an AI, Machine Learning System, or Large Language Model;

(d) knowingly using services, software or any manual or automatic device, tool, or process designed to circumvent any restriction, condition, or technological measure that controls access to the IEEE Content in any way, including overriding any security feature or bypassing or circumventing any access controls or use limits of the IEEE Content;

(e) Taking any action that imposes an unreasonable or disproportionately large load on IEEE's network or infrastructure (this does not include pre-authorized data dumps);

(f) Doing anything that could disable, damage or change the functioning or appearance of the IEEE Content; and

(g) Engaging in a prohibited use of the IEEE Content that may result in civil, criminal, and/or administrative penalties, fines, or sanctions against the Licensee.

For the avoidance of doubt, the Licensee further agrees not to engage in any of the following activities:

(h) **Reverse Engineering:** Licensee shall not attempt (or encourage or support anyone else's attempt) to reverse engineer, decrypt, decompile, disassemble, or otherwise alter or interfere with the IEEE Content, or attempt to derive the source code or underlying algorithms of the Content for the purpose of using it in an AI, Machine Learning System, or Large Language Model.

(i) **Data Mining:** Licensee shall not engage in data mining, scraping, or any similar activities to extract or collect data from the IEEE Content for use in an AI, Machine Learning System, or Large Language Model.

(j) **Modification and Derivative Works:** Licensee shall not create derivative works, adaptations, modifications, or variations of the IEEE Content for use with any AI, Machine Learning System, or Large Language Model.

3. Penalties for Noncompliance.

In the event that IEEE determines, at its sole discretion, that Licensee has breached the terms of this section, IEEE reserves the right to take any actions it deems necessary, including, without limitation: (a) immediate termination of this Agreement, without refund or additional compensation to Licensee; (b) denial of Licensee's existing or future access to any IEEE Content; and/or (c) legal action, including but not limited to, injunctive relief, monetary damages, civil or criminal penalties, and/or other available legal remedies. The Licensee will not be liable for unauthorized use of the IEEE Content by any Authorized Users provided that the unauthorized use did not result from the Licensee's own negligence or willful misconduct and that the Licensee did not permit such unauthorized use to continue after having actual notice thereof.

6. Term and Termination.

(a) **Term.** Unless terminated sooner in accordance with Section 5(b), this Agreement shall continue in effect for a period of three (3) years from the Year 1 Service Date. Maynooth University may renew the Agreement on behalf of the Licensees for additional periods, (and such renewal may be in respect of all Licensees or involve the addition or removal of Licensees) ~~and~~. In the event that Maynooth University elects to not renew on behalf of the Licensees, it shall notify IEEE at least thirty (30) days prior to the Renewal Term.

(b) **Termination.** Notwithstanding Section 5(a), this Agreement may be terminated as follows:

(1) **Material Breach.** Either party may terminate this Agreement in the event of a material breach by the other party that remains uncured thirty (30) days after the non-breaching party gives the breaching party written notice of such breach.

(2) **Suspension.** In the event that IEEE notifies Licensee of a material breach of Section 3(c)(1), IEEE reserves the right to suspend Licensee's access to the Licensed Products. IEEE will make commercially reasonable efforts to limit suspension to the offending IP address or user account, to the

extent that the offending IP address or user account can be reasonably ascertained under the circumstances; otherwise, IEEE reserves the right to suspend all online access to the Licensed Products by Licensee. The suspension shall remain in effect until Licensee has cured the material breach, and Maynooth University shall not be entitled to a refund of any fees during such suspension. If Licensee does not cure the material breach within thirty (30) days after notice of such breach, IEEE shall be entitled to terminate this Agreement immediately.

(3) *Insolvency.* Either party may terminate this Agreement in the event that the other party becomes insolvent or bankrupt; becomes the subject of any proceedings under bankruptcy, insolvency or debtor’s relief law; has a receiver or manager appointed; makes an assignment for the benefit of creditors; or takes the benefit of any applicable law or statute in force for the winding up or liquidation of such party’s business.

(c) Termination or Suspension of a specific Licensee. IEEE acknowledges and agrees that in the event that it exercises against a Licensee its right to terminate or suspend under Section 5(b), termination or suspension shall be in respect of the specific Licensee concerned (rather than all Licensees generally) and, in the case of termination, such Licensee shall be removed from Schedule B and the Agreement shall continue in full force and effect in respect of all other Licensees.

(d) Events Upon Termination. Upon termination of this Agreement, Licensee shall make reasonable efforts to delete all electronic copies of Articles and eBooks that are in its possession or control. Licensee may continue to use print copies of Articles and excerpts from eBooks made in accordance with the terms and conditions herein during the term of this Agreement, provided that Section 3(c) shall continue to govern use of such materials.

7. Representations and Warranties.

IEEE and Licensee each represents and warrants to the other that: (1) it has the necessary power and authority to enter into this Agreement, including, in the case of Maynooth University all authorizations from all other Licensees; (2) the execution and performance of this Agreement has been authorized by all necessary corporate or institutional action; (3) entry into and performance of this Agreement will not conflict with any provision of law or the certificate of incorporation, by-laws or comparable organizational documents of the party or conflict with any condition of any contract to which it is a party; (4) no action by any governmental organization is necessary to make this Agreement valid and binding upon the party; and (5) it possesses all licenses and other governmental approvals necessary to perform its obligations under this Agreement.

8. DISCLAIMER. THE LICENSED PRODUCTS ARE PROVIDED TO LICENSEE “AS IS” AND “WITH ALL FAULTS.” IEEE, TO THE MAXIMUM EXTENT PERMITTED BY LAW, EXPRESSLY DISCLAIMS ALL WARRANTIES AND REPRESENTATIONS (EXCEPT AS SET FORTH IN SECTION 6), EXPRESS OR IMPLIED, INCLUDING, BUT NOT LIMITED TO: (A) THE IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE; AND (B) ANY WARRANTY WITH RESPECT TO THE QUALITY, ACCURACY, CURRENCY OR COMPLETENESS OF THE LICENSED PRODUCTS, OR THAT LICENSEE’S USE OF THE LICENSED PRODUCTS WILL BE ERROR-FREE, UNINTERRUPTED, FREEROM OTHER FAILURES OR WILL MEET LICENSEE’S REQUIREMENTS. LICENSEE ACKNOWLEDGES AND AGREES THAT THE CONTENTS OF THE LICENSED PRODUCTS ARE SUBJECT TO CHANGE.

9. LIMITATION OF LIABILITY.

(a) IN NO EVENT SHALL EITHER PARTY BE LIABLE TO THE OTHER PARTY FOR ANY INCIDENTAL, INDIRECT, SPECIAL, PUNITIVE OR CONSEQUENTIAL DAMAGES, INCLUDING, BUT NOT LIMITED TO, DAMAGES ARISING FROM ANY TYPE OR MANNER OF COMMERCIAL, BUSINESS OR FINANCIAL LOSS OCCASIONED BY OR RESULTING FROM ANY USE OF THE LICENSED PRODUCTS, SUCH AS ANY MALFUNCTION, DEFECT OR FAILURE OF THE LICENSED PRODUCTS OR THEIR DELIVERY VIA THE INTERNET, EVEN IF SUCH PARTY HAD ACTUAL OR CONSTRUCTIVE KNOWLEDGE OF THE POSSIBILITY OF SUCH DAMAGES AND REGARDLESS OF WHETHER SUCH DAMAGES WERE FORESEEABLE.

ANY DEFECTS OR FAILURES IN ANY COMMUNICATIONS LINES, THE INTERNET OR INTERNET SERVICE PROVIDER, LICENSEE'S COMPUTER HARDWARE OR SOFTWARE, OR ANY OTHER SERVICE OR DEVICE USED TO ACCESS THE LICENSED PRODUCTS OR TO AUTHENTICATE ANY USER AS AN AUTHORIZED USER WHICH IS NOT PROVIDED BY IEEE. LICENSEE ACKNOWLEDGES AND AGREES THAT IEEE IS NOT RESPONSIBLE FOR THE ACCURACY OF ANY INFORMATION OR DATA CONTAINED IN THE LICENSED PRODUCTS, AND IEEE SHALL NOT BE LIABLE FOR ANY LOSSES OR DAMAGES RESULTING FROM RELIANCE ON ANY SUCH INFORMATION OR DATA UNDER ANY CIRCUMSTANCES.

(c) The Parties agree that if the Licensee breaches this Agreement, the total Liability of the Licensee shall be limited to a maximum aggregate amount equal to the License Fee paid by the Licensee during the twelve (12) months immediately preceding the date on which the claim arose in respect of any event or series of connected events.

10. Post Cancellation Access. Upon termination of this Agreement, except in the event of termination by IEEE pursuant to Section 5(b), Licensee may obtain post-cancellation access to the portion of the Licensed Products published between the Service Date and termination date of this Agreement by entering into an online or offline IEEE Post-Cancellation Access Agreement and paying the applicable fees. To the extent the Licensed Products includes any of the following, such access shall not include access to any IEEE Standards Online Packages, eBooks, or content licensed by IEEE from third-party content providers or for which IEEE otherwise does not have the right to provide archival access.

11. General.

(a) Accessibility. IEEE shall use commercially reasonable efforts to provide an accessible web presence in accordance with the IEEE Accessibility Statement (<https://www.ieee.org/accessibility-statement.html>), which may be amended from time to time. IEEE will make reasonable efforts to promptly respond to and resolve any complaint regarding accessibility of the Licensed Products.

(b) Data Protection. In the event that IEEE's performance of its obligations under this Agreement requires that IEEE receive or otherwise process any personal data of Licensee or its Authorized Users, IEEE shall process such personal data in accordance with the IEEE Privacy Policy (<https://www.ieee.org/security-privacy.html>), which may be amended from time to time, and the applicable data protection laws.

(c) Notice. Notices given under this Agreement shall be in writing and may be delivered by hand or sent by internationally-recognized courier service, e-mail or fax to the physical address, e-mail address or facsimile number for each party set forth on the first page of this Agreement. Any such notice shall be deemed successfully given: (1) if delivered personally, at the time of delivery; (2) in the case of an internationally-recognized courier service, on the date of delivery confirmation; or (3) in the case of e-mail or facsimile, at the time of successful transmission.

(d) Assignment. Licensee may not assign this Agreement, or sublicense, assign or delegate any right or obligation hereunder, by operation of law or otherwise, without the prior written consent of IEEE.

(e) Entire Agreement. This Agreement, including all annexes, exhibits and schedules, contains the final and entire agreement of the parties on the subject matter herein and supersedes all previous and contemporaneous oral or written negotiations or agreements on the subject matter herein.

(f) Amendment. This Agreement may not be amended except in a writing executed by an authorized representative of each party.

(g) Severability. If any provision of this Agreement shall be held to be invalid or unenforceable under applicable law, then such provision shall be construed, limited, modified or, if necessary, severed to the extent necessary to eliminate its unenforceability. Such provision shall be ineffective to the extent of such invalidity or unenforceability only, without in any way affecting the remaining parts of this Agreement.

(h) Governing Law. This Agreement shall be governed by and construed in accordance with the laws of the United States of America and the State of New York, without regard to conflict of laws principles.

(i) Forum for Disputes. The parties agree that any action, proceeding, controversy or claim between them arising out of or relating to this Agreement (collectively, "Action") shall be brought in the United States District Court for the Southern District of New York or, if federal jurisdiction is not available, in the Supreme Court of New York County. (j) Force Majeure. Any prevention of or delay in either party's performance hereunder due to labor disputes, acts of God, governmental restrictions, enemy or hostile governmental action, fire or other casualty or other causes beyond such party's reasonable control shall excuse such party's performance of its obligations hereunder for a period equal to the duration of any such prevention or delay.

(k) Non-Waiver. The failure of either party to require strict performance by the other party of any provision hereof shall not affect the full right to require such performance at any time thereafter, nor shall the waiver by either party of a breach of any provision hereof be taken or held to be a waiver of the provision itself.

(l) Survival. The provisions of this Agreement that should by their nature survive termination of this Agreement shall survive such termination, including, but not limited to, Sections 3(c), 4, 5, 6(c), 7, 8, 9, 10 and 11.
