

## ELSEVIER SUBSCRIPTION AGREEMENT

This agreement (“Agreement”) is entered into as of 10 December 2025 by and between **Maynooth University**, Co. Kildare, W23 VP22, Ireland (the “Lead Institution”), for and on behalf of itself and the institutions identified on Schedule 2 (the “Institutions”), and Elsevier B.V., Radarweg 29, 1043 NX Amsterdam, The Netherlands (“Elsevier”). For the purposes of this Agreement, the Lead Institution and the Institutions are collectively referred to as “Subscriber”.

The parties hereto agree as follows:

### SECTION 1. SUBSCRIPTION.

#### *1.1 Subscribed Products.*

Elsevier hereby grants to the Subscriber the non-exclusive, non-transferable right to access and use the products and services identified in Schedule 1 (“Subscribed Products”) and provide the Subscribed Products to its Authorized Users (as defined herein) subject to the terms and conditions of this Agreement.

#### *1.2 Authorized Users/Sites.*

Authorized Users are the full-time and part-time students, faculty, staff and researchers of the Subscriber and individuals who are independent contractors or are employed by independent contractors of the Subscriber affiliated with the Subscriber’s locations listed on Schedule 2 (the “Sites”) and individuals using computer terminals within the library facilities at the Sites permitted by the Subscriber to access the Subscribed Products for purposes of personal research, education or other non-corporate use (“Walk-in Users”).

#### *1.3 Authorized Uses.*

Each Authorized User may:

- access, search, browse and view the Subscribed Products;
- print, download and store a reasonable portion of individual items from the Subscribed Products for the exclusive use of such Authorized User;
- incorporate links to the Subscribed Products on the Subscriber’s intranet and internet websites and in electronic coursepacks, reserves and course management systems and instructor websites, provided that the appearance of such links and/or statements accompanying such links will be changed as reasonably requested by Elsevier;
- provide print or electronic copies of individual items from the Subscribed Products to other Authorized Users and to a limited number of third-party colleagues, inclusive of colleagues who are part of an invitation only work group on non-commercial platforms or tools for their personal scholarly or research use;
- store individual journal articles from the ScienceDirect Subscribed Products in the private library of a social networking site for the Authorized User’s own personal use only;
- share individual journal articles from the ScienceDirect Subscribed Products with third party colleagues individually for their scholarly or research use;
- share individual journal articles from the ScienceDirect Subscribed Products with a limited number of third party colleagues as part of an invitation only working group on non-commercial platforms or tools, for personal, scholarly or research use;
- access, search, browse, view, print, make electronic copies and store for the exclusive use of

such Authorized User certain journal articles and book chapters purchased from the ScienceDirect® online service that are not subscribed to as part of the Subscribed Products, with each twenty-four (24) hour access period for a selected article or chapter, a “Transaction”; and

- if the Authorized User is a librarian/information specialist, access, search, browse, view, print, make electronic copies and store a Transaction for the exclusive use of another Authorized User.

The Subscriber may:

- print and deliver journal articles from Subscribed Titles (as defined herein) and, if any, book chapters from the ScienceDirect Subscribed Products to fulfill requests as part of the practice commonly known as “interlibrary loan” from non-commercial libraries located within the same country as the Subscriber provided that such print and delivery is without commercial gain and not routinely or systematically provided (whether on one occasion or over a period of time) in such a manner or in such quantities as to substitute for a subscription by the receiving library or the end user; and

extract and index Data from the Published Journal Articles/Published Book Chapters from Authors included in the Subscribed Products to index and store these in perpetuity in the Subscriber’s Institutional Repository by implementing the ScienceDirect application programming interfaces (“API”) as outlined in the use case at: [http://dev.elsevier.com/ir\\_cris\\_vivo.html](http://dev.elsevier.com/ir_cris_vivo.html).

Abstracts may only be displayed on the abstract records on the Subscriber data’s websites, all other services of the Institutional Repository, such as (but not limited to) alerts, e-mail services and APIs may only display Snippets but not abstracts.

In connection with the storage of Data from the Published Journal Articles/Published Book Chapters from Authors in the Subscriber’s Institutional Repository, the Subscriber will:

- (i) integrate the Institutional Repository software with Elsevier’s APIs in accordance with the API Documentation;
- (ii) display clear indicators informing users of the Institutional Repository in case they are entitled to the Published Journal Article/Published Book Chapter next to each instance where Data are displayed;
- (iii) ensure links to the relevant Published Journal Article/Published Book Chapters landing page in the Subscribed Product are available as part of the displayed Data. In the event links to multiple instances of the full text article/book chapter are displayed, the Subscriber will ensure that the link to the Published Journal Article/Published Book Chapter is displayed more prominently than the links to the other versions of the article/book chapter;
- (iv) undertake reasonable efforts to ensure that Accepted Manuscripts bear a CC BY-NC-ND license and link back to the Published Journal Article/Published Book Chapter on ScienceDirect;
- (v) ensure the indexes only include Data and no other parts of the Published Journal Articles/Published Book Chapters; and
- (vi) remove illicit versions of Published Journal Articles on the terms which are set out here: <https://www.elsevier.com/about/policies-and-standards/hosting> upon Elsevier’s request and allow

Elsevier to review the implementation of the Data into the Institutional Repository. Elsevier will have the right to suggest improvements to the display of the search results for the Published Journal Articles/Published Book Chapters that are available on the Elsevier site.

The Subscriber recognizes that Elsevier wants to ensure that the Institutional Repository will not share personal or private information, including user identities. In the event the Institutional Repository collects or otherwise processes or uses personal data the Subscriber will be responsible for complying with the relevant data protection and privacy laws.

As used in this section regarding the storage of Data from the Published Journal Articles/Published Book Chapters from Authors in the Subscriber's Institutional Repository:

“Authors” means employees, students and other staff of the Subscriber and independent contractors appointed by the Subscriber.

“Accepted Manuscript” means an author's version of the manuscript of a journal article or book chapter that has been accepted for publication and which typically includes author-incorporated changes suggested during submission, and editor-author communications. Accepted Manuscripts should not be added to or enhanced in any way in order to appear more like, or to substitute for, the Published Journal Article/Published Book Chapter.

“CC BY-NC-ND” (Creative Commons Attribution – Non-Commercial – No Derivatives) means Creative Commons license for non-commercial purposes. CC BY-NC-ND allows others to distribute and copy the Accepted Manuscript for non-commercial purposes, as long as they credit the author(s) (with a link to the formal publication through the relevant DOI), provide a link to the license, and do not represent that the licensor endorses the use made of the article/book chapter. If the user alters or revises the Published Journal Article/Published Book Chapter in any way, it cannot distribute the modified version of the article/book chapter to others.

“Data” will be limited to the following: index terms, bibliographic information, headers, digital object identifiers, embargo end dates, keywords, author affiliation, Snippets and abstracts of the full text articles/book chapters.

“Institutional Repository” means the Subscriber's secure database system that Subscriber uses to collect, preserve and disseminate information about the intellectual output of the Subscriber's institute(s).

“Published Book Chapter” means the definitive final record of published research that appears, or will appear, in the book and embodies all value-adding publisher activities including copy-editing, formatting and (if relevant) pagination, and online enrichment.

“Published Journal Article” means the definitive final record of published research that appears, or will appear, in the journal and embodies all value-adding publisher activities including copy-editing, formatting and (if relevant) pagination, and online enrichment.

“Snippets” mean a short contextually relevant query-dependent text or data which may include bibliographic metadata as well as a maximum of 120 words of query-dependent text from individual Published Journal Articles/Published Book Chapters.

#### 1.4 *Restrictions on Use of Subscribed Products.*

Except as expressly stated in this Agreement or otherwise permitted in writing by Elsevier or permitted under the laws of the Republic of Ireland, the Subscriber and its Authorized Users may not:

- abridge, modify, translate or create any derivative work and/or service (including resulting from the use of artificial intelligence tools), based on the Subscribed Products, except to the extent

necessary to make them perceptible on a computer screen to Authorized Users;

- remove, obscure or modify in any way any copyright notices, other notices or disclaimers as they appear in the Subscribed Products;
- use any robots, spiders, crawlers or other automated downloading programs, tools, or devices to search, scrape, extract, deep link, index and/or disrupt the working of the Subscribed Products;
- use the Subscribed Products in combination with an artificial intelligence tool (including to ingest, train an algorithm, test, process, analyse, copy, distribute, make publicly accessible, generate output and/or develop any form of artificial intelligence tool) except where such artificial intelligence tool is used in a closed hosted environment solely for use by the Subscriber or Authorized User, does not train the algorithm of a third party artificial intelligence tool and does not share the Subscribed Product or any part thereof with a third party;
- post abstracts from the Subscribed Products on social networking sites; or
- substantially or systematically reproduce, retain, store locally, redistribute or disseminate the Subscribed Products (including any generated responses) or any part thereof, including any derivative work and/or service (including resulting from the use of artificial intelligence tools).

Authorized Users who are individuals who are independent contractors or are employed by independent contractors may use the Subscribed Products only for the purposes of the contracted research work for the Subscriber.

#### *1.5. Text and Data mining.*

##### *1.5.1. Definitions.*

“AI System” means any software, hardware, or combination thereof that employs artificial intelligence techniques to perceive, interpret, reason, learn, generate output, or make decisions, whether autonomously or semi-autonomously, including, but not limited to, intelligent agents, Multimodal Content Processing (MCP) systems, and Retrieval-Augmented Generation (RAG) systems;

“Text and Data Mining” or “TDM” means any automated analytical technique aimed at analyzing text and data in digital form to generate information which includes but is not limited to patterns, trends and correlations as set out in the EU DSM Directive (i.e. Directive (EU) 2019/790).

“TDM Output” means the result(s) of any TDM activity on the ScienceDirect Subscribed Product dataset which may include a limited number of short extracts, analyses or relational expressions from or measurements of the ScienceDirect Subscribed Product.

##### *1.5.2. Rights granted*

Authorized Users may:

- a) download and store the ScienceDirect Subscribed Product dataset on a secure server in a closed hosted environment for use by the Authorized User only; and
- b) during the Term of the Agreement only, conduct TDM on the ScienceDirect Subscribed Product dataset and create TDM Output for non-commercial scientific research.

##### *1.5.3. Restrictions.*

Authorized Users will not:

- a) use the ScienceDirect Subscribed Product dataset and/or create TDM Output that competes with, substitutes, replicates and/or reverse engineers back to any of Elsevier's products, services and/or solutions including a substantial part thereof or is reasonably likely to do so;
- b) use and share the TDM Output in their scholarly work if doing so would substantially reproduce or redistribute the original ScienceDirect Subscribed Product or any part thereof;
- c) release open source or otherwise disclose model weights derived from the ScienceDirect Subscribed Product dataset;
- d) indirectly or directly use the ScienceDirect Subscribed Product dataset and/or the TDM Output for commercial purposes;
- e) remove, obscure or modify in any way any copyright notices, other notices or disclaimers as they appear in the ScienceDirect Subscribed Product dataset;
- f) use any robots, spiders, crawlers or other automated downloading programs, tools or devices to search, scrape, extract, deep link, and index the ScienceDirect Subscribed Product dataset and/or TDM Output;
- g) substantially or systematically reproduce, retain other than as set out in Section 1.5.4, redistribute, or disseminate the ScienceDirect Subscribed Product dataset and/or the TDM Output;
- h) use the ScienceDirect Subscribed Product dataset and/or the TDM Output without Elsevier's prior permission in writing, in combination with an AI System (including to ingest, train an algorithm, test, process, analyze, copy, distribute, make publicly available, generate output and/or develop any form of AI System), except where such AI System (a) is deployed on Subscriber's internal system, (b) is used in a closed hosted environment, (c) is used solely for the extraction of data by the Authorized User as permitted by (and subject to any restrictions set forth in) the Agreement, (d) is not trained using the ScienceDirect Subscribed Product dataset and/or the TDM Output, (e) does not submit the ScienceDirect Subscribed Product dataset and/or the TDM Output or part thereof to an external AI System, and (f) does not share the ScienceDirect Subscribed Product dataset and/or the TDM Output or any part thereof with a third party;
- i) use the ScienceDirect Subscribed Product dataset and the TDM Output for any other purpose than as set out in this Agreement, and in this Section 1.5 specifically.

The preceding restrictions on TDM, do not apply to content made available under a Creative Commons (CC) license, or another Open Access public license. Use of these publications is subject to the terms and conditions of the applicable Open Access license.

1.5.4. The parties hereby acknowledge and agree that any reproductions and extractions from the ScienceDirect Subscribed Product dataset, in compliance with this Agreement, may be retained by the Authorized User as necessary for the purposes of scientific research, including for the verification of research results, as set out in the Directive (EU) 2019/790. The Authorized User will immediately and permanently delete all other copies (including back-up copies or otherwise) of the ScienceDirect Subscribed Product dataset upon completion of the relevant TDM project and/or expiration or termination of the Agreement. The reproductions that are retained under this paragraph and the TDM Output shall remain subject to the terms and conditions of this Agreement.

1.5.5. The ScienceDirect Subscribed Product dataset and any TDM Output may be accessed, processed, or hosted by third party vendors retained by the Subscriber only with the express written permission of Elsevier and solely for the purposes as set out in this Section 1.5. Subscriber will ensure that the third-party vendor will not ingest the ScienceDirect Subscribed Product dataset and any TDM Output for any other reasons as defined in this Agreement, will keep such ScienceDirect Subscribed Product dataset and any TDM Output secure in accordance with the terms of this Agreement, and will have no right or ability to use the ScienceDirect Subscribed Product dataset and any TDM Output in any other product or service offering. The Subscriber shall ensure that the third-party vendor shall immediately delete the ScienceDirect Subscribed

Product dataset and TDM Output from its servers upon termination or expiration of this Agreement or, if earlier, the agreement between Subscriber and the third-party vendor.

#### *1.6 Intellectual Property Ownership.*

The Subscriber acknowledges that all right, title and interest in and to the Subscribed Products remain with Elsevier and its suppliers, except as expressly set forth in this Agreement, and that the unauthorized redistribution or dissemination online of the Subscribed Products could materially and irreparably harm Elsevier and its suppliers.

Notwithstanding anything to the contrary contained in this Agreement, more extensive usage terms might be permitted for open access content in the Subscribed Products as identified in the individual journal article as stated in the applicable user (e.g. CC) license.

## **SECTION 2. ELSEVIER PERFORMANCE OBLIGATIONS.**

#### *2.1 Access to Subscribed Products.*

Elsevier will make the Subscribed Products accessible to the Subscriber and its Authorized Users from the internet address set forth on Schedule 1 or as may be otherwise set forth herein, upon receipt by Elsevier of this Agreement document in the territory of The Netherlands, as duly signed by the Subscriber, which acceptance will be evidenced and timestamped by an authorised representative of Elsevier in the Netherlands.

#### *2.2 Quality of Service.*

Elsevier will use reasonable efforts to provide the Subscribed Products with a quality of service consistent with industry standards, specifically, to provide continuous service with an average of 98% up-time per year, with the 2% down-time including scheduled maintenance and repairs performed at a time to minimize inconvenience to the Subscriber and its Authorized Users, and to restore service as soon as possible in the event of an interruption or suspension of service.

#### *2.3 Withdrawal of Content.*

Elsevier reserves the right to withdraw from the Subscribed Products content that it no longer retains the right to provide or that it has reasonable grounds to believe is unlawful, harmful, false or infringing.

#### *2.4 Usage Data Reports.*

Elsevier will make usage data reports on the usage activity of each Subscriber available as described at <https://www.elsevier.com/librarian/usage-reports/>.

Such reports may be accessed by vendors or other third parties retained by the Subscriber only with the express written permission of Elsevier and for the purpose of usage analysis of the Subscriber.

#### *2.5 Industry Standards and Related Obligations.*

During the continuance in force of this Agreement, Elsevier shall implement the standards set out in Schedule 4 – Industry Standards and Related Obligations.

#### *2.6 Sustainability Reporting.*

In furtherance of Elsevier's, as part of RELX, and the Irish research community's shared interest in reducing the carbon footprint of scholarly communications, Elsevier agrees to provide Maynooth University with information regarding sustainability and carbon emissions arising from the use of Elsevier's online publications and resources, as disclosed by its parent company RELX.

Specifically, Elsevier refers Maynooth University to the annual sustainability and climate disclosures published by RELX, which include:

1. RELX's sustainability strategy including plans, implementation actions and related financial and investment plans aligned with the transition to a sustainable economy and the Paris Agreement objective of climate neutrality by 2050.

2. RELX's time-bound emissions reduction targets, including those for 2030 and 2050, progress towards these targets and the scientific basis for them.
3. Due diligence processes implemented to meet emissions reduction targets.
4. Any limitations in gathering information regarding RELX's value chain, efforts to overcome such limitations, and plans to obtain necessary information in the future.

The RELX annual sustainability report is published publicly on RELX's website (<https://www.relx.com/corporate-responsibility/being-a-responsible-business/environment>) each year.

### **SECTION 3. SUBSCRIBER PERFORMANCE OBLIGATIONS.**

#### *3.1 Authentication.*

Access to the Subscribed Products will be authenticated by the use of Internet Protocol ("IP") address(es) and/or usernames and passwords and/or a delegated authentication mechanism requiring at least two different credentials, as identified on Schedule 2. Access to the Subscribed Products by Authorized Users who are Walk-in Users is permitted provided that access is provided solely by the Subscriber and limited to library Sites only. The distribution of usernames/passwords, access credentials or otherwise by Walk-in Users is not permitted.

#### *3.2 Protection from Unauthorized Access and Use.*

The Subscriber will:

- take appropriate measures to protect against the misuse or unauthorized access, whether by the Subscriber or any third party, through or to (a) the Subscriber's credentials used to access the Subscribed Products; and (b) the Subscribed Products and/or information derived therefrom;
- manage identification, use, access and control of all credentials used to access the Subscribed Products in an appropriately secure manner, including, but not limited to, by:
  - limiting access to and use of the Subscribed Products to Authorized Users and notifying all Authorized Users of the usage restrictions set forth in this Agreement and that they must comply with such restrictions;
  - issuing any passwords or credentials used to access the Subscribed Products only to Authorized Users, not divulging any passwords or credentials to any third party, and notifying all Authorized Users not to divulge any passwords or credentials to any third party; and
  - providing true, complete and accurate IP addresses, as identified on Schedule 2, (if any) for the exclusive use by each Subscriber (including, if requested by Elsevier, written confirmation by the relevant third party internet service provider) and proactively informing Elsevier of any changes to each Subscriber's IP addresses, including the addresses no longer being used exclusively by the Subscriber.
- without undue delay, deactivate any credentials when no longer needed or where access presents a security risk;
- implement and maintain its own appropriate program for credentials management and ensure access to the Subscribed Products via such credentials is reviewed on an appropriate basis; and
- promptly upon discovering itself, or being notified by Elsevier or a third party, that there has been unauthorized use of the Subscribed Products or a security issue permitting unauthorized

use, Subscriber will take appropriate steps to end such activity and to prevent any recurrence, including, but not limited to, implementing required updates and configuration where needed to rectify the issue. When notified by a third party or upon discovering the unauthorized use directly, Subscriber must promptly notify Elsevier of the unauthorized use. Subscriber will cooperate with Elsevier and share information, subject to any applicable confidentiality or nondisclosure obligations, concerning the unauthorized use or security issue.

In the event of any unauthorized use of the Subscribed Products, Elsevier may suspend the access and/or require that each Subscriber suspends the access from where the unauthorized use occurred upon notice to each Subscriber. The Subscriber will not be liable for unauthorized use of the Subscribed Products by any Authorized Users provided that the unauthorized use did not result from the Subscriber's own negligence or willful misconduct and that the Subscriber did not permit such unauthorized use to continue after having actual notice thereof. The Subscriber will be responsible for the adherence to the terms and conditions of this Agreement by a third party provider the Subscriber engages, in particular, if such third party provider supplies and manages IP addresses.

### *3.3 Security Requirements.*

The Subscriber agrees that the Subscriber will have in place documented policies and procedures, which will be reviewed by the Subscriber periodically, and if appropriate, tested and updated, covering the administrative, physical and technical safeguards in place and relevant to the access, use, loss, alteration, disclosure, storage, destruction and control of information. The Subscriber will promptly notify Elsevier if it determines that there has been a failure of such safeguards if such failure results in a compromise of the confidentiality or security of any part of the ScienceDirect Subscribed Product dataset or TDM Output provided hereunder and cooperate with Elsevier's reasonable requests surrounding such failure, including taking appropriate steps to end such activity and to prevent any recurrence. The Information Security Requirements and Audit Rights set out in [Information security requirements](#) will apply. In addition, and subject to the rights granted above, upon termination, Subscriber will promptly and permanently delete all copies (including back-up copies) of the ScienceDirect Subscribed Product dataset.

## **SECTION 4. FEES AND PAYMENT TERMS.**

The Lead Institution will pay to Elsevier its fees set forth in Schedule 1 (the "Fees") within sixty (60) days of date of invoice for the Fees due for first year of the Term and, thereafter, no later than sixty (60) for the Fees due for the following year of the Term. Late payments will be subject to interest charges of 1% per month on the unpaid balance. In addition to other remedies provided in this Agreement, Elsevier reserves the right to suspend access to the Subscribed Products upon thirty (30) days' prior written notice and without incurring liability if 1) the full amount of any Elsevier invoice hereunder has not been paid within the agreed payment deadline or 2) any invoice is outstanding under previous subscription agreements between parties for the Subscribed Products. The suspension of the Subscriber's access for non-payment or on any other grounds provided herein is without prejudice to the Subscriber's obligation to pay its outstanding and future invoice amounts in full. Elsevier and the Subscriber acknowledge that the Fees payable under this Agreement are not in the nature of royalties and consequently no withholding tax should be applied to the Fees. The Fees will be exclusive of any sales, use, value added, withholding or similar tax and the Subscriber will be liable for any such taxes in addition to the Fees. Any sum to be paid by the Subscriber to Elsevier under this Agreement will be paid by way of transfer to Elsevier's bank account in the Netherlands. The currency of account and the currency of payment for any sum to be paid by the Subscriber to Elsevier under this Agreement will be EUR (meaning the lawful currency of the European part of the Netherlands at the effective date of this Agreement), notwithstanding any changes in Euro zone membership that might occur after the effective date of this Agreement, except in the event that (a) the Netherlands cease to be a member of the Euro zone of the European Union or (b) all participating members of the Euro zone cease to do so and the Euro ceases to exist, in which event the sum will become payable in the currency that will be officially adopted as the legal currency in the Netherlands. The Subscriber waives any right it may have at any time in any jurisdiction to pay any sum under this Agreement in a

currency unit other than that in which it is expressed to be payable under this clause. The Subscriber will be charged local value added tax (VAT), based on the Subscriber's place of establishment, unless the Subscriber is a foreign relevant business person and provides to Elsevier its VAT Identification Number. The Subscriber will promptly notify Elsevier of any changes to its VAT Identification Number or VAT status. Elsevier may charge the Subscriber any VAT, fines, penalties, interest and other costs that Elsevier may incur as a result of incorrect VAT information.

## **SECTION 5. DURATION.**

### *5.1 Term.*

The term of this Agreement will commence on 01 January 2026 and continue through and including 31 December 2028 ("Initial Term").

### *5.2 Renewal.*

After the Initial Term, this Agreement may be renewed upon mutual agreement of the parties in writing for successive one-year terms (each a "Renewal Term"), and the Fees will be increased by the then current standard Elsevier price increase, unless either party gives notice to the other by 1 August prior to the end of the then current term that it does not intend to renew. The Initial Term and each Renewal Term are collectively the "Term".

### *5.3 Early Termination Due To Insufficient Budgetary Allotment From Government.*

Institutions may terminate their participation in this Agreement upon thirty (30) days' notice to Elsevier and the Lead Institution if sufficient funds are not provided, allocated or reasonably available or expected to become available from other sources at the time the Subscriber's payment obligation attaches to permit the Subscriber, in the exercise of its reasonable administrative discretion, to continue this Agreement. Such notices of termination must be sent from an authorised representative of the Institution and provide proof of their insufficient budgetary allotment. Notwithstanding the foregoing, if access to the Subscribed Products was provided but not yet paid for prior to termination, Elsevier will be entitled to receive a pro rata portion of the Fees attributable to the period of time that access was provided.

## **SECTION 6. ELSEVIER WARRANTIES AND INDEMNITIES.**

### *6.1 Warranties.*

Elsevier warrants that (a) use of the Subscribed Products in accordance with the terms and conditions herein will not infringe the intellectual property rights of any third party, (b) it has all necessary consents, licences and approvals required to provide the Subscribed Products and perform its obligations under this Agreement; and (c) it provides the Subscribed Products using reasonable skill, care and diligence.

### *6.2 Indemnities.*

Elsevier will indemnify, defend and hold harmless the Subscriber and its Authorized Users from and against any loss, damage, costs, liability and expenses (including reasonable attorneys' fees) arising from or out of any third-party action or claim that use of the Subscribed Products in accordance with the terms and conditions herein infringes the intellectual property rights of such third party. If any such action or claim is made, the Subscriber will promptly notify and reasonably cooperate with Elsevier. This indemnity obligation will survive the termination of this Agreement.

### *6.3 Disclaimer.*

EXCEPT FOR THE EXPRESS WARRANTIES AND INDEMNITIES STATED HEREIN AND TO THE EXTENT PERMITTED BY APPLICABLE LAW, THE SUBSCRIBED PRODUCTS ARE PROVIDED "AS IS" AND ELSEVIER AND ITS SUPPLIERS EXPRESSLY DISCLAIM ALL WARRANTIES AND REPRESENTATIONS OF ANY KIND, EITHER EXPRESS OR IMPLIED, WITH REGARD TO THE SUBSCRIBED PRODUCTS, THE USE OF ANY FORM OF ARTIFICIAL

INTELLIGENCE, AND ANY OTHER DATA, DOCUMENTATION, TECHNOLOGY OR MATERIALS PROVIDED IN CONNECTION WITH THIS AGREEMENT, INCLUDING BUT NOT LIMITED TO ANY ERRORS, INACCURACIES, OMISSIONS, OR DEFECTS CONTAINED THEREIN, AND ANY WARRANTY AS TO MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE.

#### *6.4 Limitation of Liability.*

Except for the express warranties and indemnities stated herein and to the extent permitted by applicable law, in no event will either party or its suppliers be liable for any indirect, incidental, special, consequential or punitive damages including, but not limited to, loss of data, business interruption or loss of profits, arising out of or in connection with this Agreement, nor will the liability of a party or its suppliers or representatives to the other party exceed a sum equal to the Fees paid by the Subscriber hereunder during the twelve (12) month period immediately preceding the date on which the claim arose, even if the parties or any supplier has been advised of the possibility of such liability or damages.

### **SECTION 7. GENERAL.**

#### *7.1 Force Majeure.*

Neither party's delay or failure to perform any provision of this Agreement (other than payment obligations) as a result of circumstances beyond its control (including, but not limited to, war, strikes, fires, floods, power failures, telecommunications or Internet failures or damage to or destruction of any network facilities or servers) that prevents it from fulfilling its obligations under this Agreement (any such circumstances being "Force Majeure") will be deemed a breach of this Agreement. The parties agree that the departure of one or more members of the Euro zone will not, in and of itself, be a "circumstance beyond its control" and will not have the effect of discharging or excusing performance of (any obligation under) this Agreement. Notwithstanding the foregoing, a party's financial inability to perform its obligations will in no event constitute a Force Majeure.

#### *7.2 Severability.*

The invalidity or unenforceability of any provision of this Agreement will not affect any other provisions of this Agreement.

#### *7.3 Entire Agreement.*

This Agreement contains the entire understanding and agreement of the parties and replaces and supersedes any and all prior and contemporaneous agreements, communications, proposals and purchase orders or Subscriber terms, written or oral, between the parties with respect to the subject matter contained herein.

#### *7.4 Modification.*

No modification, amendment or waiver of any provision of this Agreement will be valid unless in writing and signed by the parties, except for changes reflecting substituted titles, IP addresses, authentication mechanisms, invoicing and contact address details which may be confirmed by Elsevier in an email notice sent to the Subscriber.

#### *7.5 Assignment.*

The Subscriber will not assign, transfer or license any of its rights or obligations in whole or in part under this Agreement unless it obtains the prior written consent of Elsevier, which consent will not unreasonably be withheld.

#### *7.6 Privacy*

Elsevier's processing of personal data is subject to the privacy policy applicable to the Subscribed Products. Elsevier and the Subscriber shall comply with applicable data protection laws and regulations in connection with this Agreement. Elsevier will not, without the prior written consent of the Institution, transfer any personal information received by Elsevier from the Subscriber under this Agreement to any

non-affiliated third party, except (i) to applicable service providers to the extent necessary to perform their functions for Elsevier to fulfil its obligations under this Agreement; and (ii) if the Subscribed Products are acquired by another company, or use it for any purpose other than as described in this Agreement.

#### *7.7 Notices.*

All notices given pursuant to this Agreement will be in writing and delivered to the party to whom such notice is directed at the address specified below or the electronic mail address as such party will have designated by notice hereunder.

If to Elsevier: Elsevier B.V., Radarweg 29, 1043 NX Amsterdam, The Netherlands.

If to the Subscriber: IReL, Maynooth University Library, Co. Kildare, W23 VP22, Ireland.

#### *7.8 Confidentiality.*

The Subscriber and its employees, officers, directors and agents will maintain as confidential and not disclose to any non-affiliated third party without Elsevier's prior written consent or except as required by law or registration at the ESAC registry the financial terms and commercial conditions of this Agreement. Elsevier may only disclose such information (i) to applicable service providers to the extent necessary to perform their functions in support of this Agreement and (ii) where reasonably necessary to address security, safety, fraud or other legal issues and share the Subscriber's IP address ranges and holdings information (ISSN/ISBN, access start and end date) with internet search engine providers for the sole purpose of displaying to Authorized Users in their internet search results links to full-text articles and books available in the Subscribed Products.

#### *7.9 Compliance with Laws.*

Each party will comply with all applicable laws and regulations relating to its duties and obligations under this Agreement. Elsevier reserves the right to deny access to the Subscribed Products to any person or entity who is prohibited from receiving such access based on any applicable export control and trade sanctions laws or embargo programs.

#### *7.10 Execution.*

This Agreement and any amendment thereto may be executed in counterparts, and signatures exchanged by facsimile or other electronic means are effective to the same extent as original signatures.

#### *7.11 Governing Law and Venue.*

This Agreement will be governed by and construed in accordance with the laws of Republic of Ireland, without regard to conflict of law principles, and the parties irrevocably consent to the exclusive jurisdiction of the courts of Republic of Ireland with respect to any action or suit arising out of or pertaining to this Agreement.

#### *7.12 Open Access.*

Parties have agreed to open access terms which form an integral part of this Agreement as detailed in Schedule 3 ("Open Access Terms"). This provision is not applicable to Higher Education Authority and Taighde Éireann – Research Ireland.

#### *7.13 Contracting Authority and Power of Attorney.*

Each Institution has authorized the Lead Institution to enter into this Agreement on its behalf and to enforce this Agreement against it. The Lead Institution represents and warrants that the Institutions acknowledge and agree to be bound by the terms and conditions of the Agreement, including but not limited to the restrictions on access to and use of the services as set forth in the Agreement. The Lead Institution will inform each individual Institution specified in Schedule 2 of the terms and conditions of access.

**IN WITNESS WHEREOF**, the parties have executed this Agreement by their respective, duly authorized representatives as of the date first above written.

### Journal Collection(s):

**Complete Collection:** Electronic access to the full text of all articles from the Elsevier journal titles published since 1 January 1995 identified on Annex A to Schedule 1.1.

**Complete Freedom Collection:** Electronic access to the full text of all articles from the Elsevier journal titles published since 1 January 1995 set forth in the Complete Freedom Collection Journal Title List at [http://www.elsevier.com/solutions/sciencedirect/content/journal-title-lists#journal\\_title\\_list](http://www.elsevier.com/solutions/sciencedirect/content/journal-title-lists#journal_title_list), as may be updated annually with the changes effective as of 1 January of the following calendar year of the Term of the Agreement.

### Option to Substitute Subscribed Titles

An Institution may substitute any of the subscribed journal titles identified on Annex A to Schedule 1.1 (“Subscribed Titles”) with one or more journal titles of total comparable value (in current year list price) once annually upon notice to Elsevier by 1 August prior to the start of the next calendar year or at any time upon mutual agreement of the parties in writing.

### Option to Substitute Withdrawn Subscribed Titles

An Institution may substitute any withdrawn Subscribed Titles with one or more journal titles of total comparable value (in current year list price) at any time upon notice to Elsevier.

### Transferred Titles

Society journal titles for which the Subscriber holds an electronic subscription through a third-party publisher whose publication rights are transferred to Elsevier and made accessible on ScienceDirect during the Term (“Transferred Titles”) will be deemed Subscribed Titles effective as of the date of transfer and for the then current publication year and the publication years previously paid unless and until the Subscriber notifies Elsevier that it no longer wishes to continue such electronic subscription on ScienceDirect. The option to substitute Subscribed Titles does not apply to Transferred Titles.

### Post Termination Access to Subscribed Titles

Upon termination of all of the Institution’s annual subscriptions on ScienceDirect online, each Institution may, continue to access such Subscribed Titles online for an annual access fee based on the number of full-text articles downloaded from such titles during the prior twelve (12) months at a rate of EUR 0.063 per download, with a minimum annual fee of EUR 400 (adjusted annually for inflation and cost increases) for the Institution’s access to the platform, in accordance with the usage provisions of this Agreement, which provisions will survive the termination of the Agreement. Elsevier will make available for inspection by a duly authorized auditor of the Institution, at the Institution’s sole expense, the records

concerning the calculation of the annual access fee once per year during regular business hours upon thirty (30) days written notice to Elsevier. If a particular Subscribed Title is withdrawn by Elsevier or not renewed by the Institution, but relevant Institution remains a ScienceDirect online annual subscription Institution, the Institution may continue to access online, at no additional charge, such formerly Subscribed Title for the publication years paid, provided that Elsevier continues to hold the electronic rights thereto.

**Deep Discounted Price for Print Subscriptions**

Provided that the Fees have been paid, each Institution will have the option to place orders for annual subscriptions to a selection of Elsevier print publications at a price reduced from the list price (“Deep Discounted Price” or “DDP”), by 1 August prior to the start of the next calendar year from Elsevier or its affiliate directly and from only one (1) authorized service agent, which will be selected by the Institution, and Elsevier or its affiliate will fulfill such orders in accordance with its customary practices. The Institution will notify Elsevier of its service agent’s contact information upon placing such orders. The Institution may change its service agent no more than once annually by giving Elsevier notice by 1 August prior to the start of the next calendar year. The Institution will not place orders for such DDP subscriptions on behalf of any other person or entity or with the intent to resell, rent, license, lease or otherwise transfer them to another person or entity.

# ELSEVIER SUBSCRIPTION AGREEMENT

## Schedule 3

### Open Access Terms

#### 1. Background

1. Corresponding authors affiliated with the Institutions shall be referred to as “Corresponding Author(s)”. For the purposes of eligibility, the Corresponding Author is the single author who manages the publication process for an article from submission to post acceptance and corresponds with Elsevier on the same.
2. For the purposes of this Schedule 3, “Institutions” shall mean the institutions identified on Schedule 2 including Maynooth University.

#### 2. Open Access Publishing

- 2.1 From the start date of the Term or the date of last signature of the Agreement, whichever is later, until the end of the Term (hereinafter “Open Access Term”), Corresponding Authors are granted the right to publish open access articles in the Elsevier owned and Elsevier published core hybrid journals and fully gold open access journals set out in Annex A to this Schedule 3 (“Eligible Journals”), subject to the terms of this Schedule 3.
- 2.2 Journal inclusions may from time to time be subject to change, including, but not limited to, changes resulting from the addition of new journal titles, journal transfers and/or changes of business model or ownership.
- 2.3 If accepted for publication in an Eligible Journal, Corresponding Authors may publish up to the following maximum number of open access articles during the Open Access Term, without having to pay an article publishing charge (“APC”):
  - (a) a total of 1450 open access articles for the calendar year 2026.
  - (b) a total of 1450 open access articles for the calendar year 2027.
  - (c) a total of 1450 open access articles for the calendar year 2028.

These open access article allocations are available to Corresponding Authors on a first-come-first-served basis.

- 2.4 If there are any unused articles at the end of a calendar year, such articles will not carry over to the next calendar year. Unused articles will expire at the end of the Open Access Term and are not refundable.
- 2.5 In the event the Open Access Term commences after the start date of the Term, Corresponding Authors will be required to pay an APC for any open access articles accepted for publication in an Eligible Journal prior to the start of the Open Access Term. Elsevier will send the Corresponding Author an invoice in the amount of the then current APCs as set out at <https://www.elsevier.com/books-and-journals/journal-pricing/apc-pricelist> to the address provided by the Corresponding Authors.

#### 3. Workflow

- 3.1 The Elsevier publishing workflow will use the acceptance date to determine the eligibility of an article under this Agreement. In order to benefit from the commercial arrangements mentioned in this Schedule 3, articles submitted by the Corresponding Author must be accepted by the relevant Eligible Journal during the Open Access Term.
- 3.2 In Elsevier's journal workflow, the Corresponding Author must specify the Institution to which they are affiliated and the relevant research funding source(s). Based on this data, Elsevier will provide the Corresponding Author with the relevant publishing options.
- 3.3 The Institutions are responsible for informing Corresponding Authors that they are required to identify themselves as a Corresponding Author in Elsevier's journal workflow in order to benefit from the commercial arrangements under this Agreement.
- 3.4 In the event a Corresponding Author has chosen the open access option, the journal article, if accepted for publication in an Eligible Journal, shall automatically be published under a CC BY or CC BY-NC or CC BY-NC-ND license as determined by the Corresponding Author, subject to the conditions and process set forth herein. The authors will retain copyright to the journal article. Elsevier is responsible for ensuring that:
- the article's Creative Commons licence will be clearly displayed in the published version of record.
  - the article's CrossRef records must specify that the relevant Creative Commons licence has been applied to the version of record.
- 3.5 The Elsevier Open Access Platform ("EOA Platform") requires each Institution to make reasonable efforts to accurately validate that the relevant Corresponding Author is affiliated with the Institution, and will provide the Institution with the available relevant details including Corresponding Author name and e-mail address, DOI, article title, article type, journal title, research funding, acceptance date of the article and the APC. The Institution will receive a notification via email to validate a Corresponding Author's eligibility on the EOA Platform after an article has been accepted for publication and the Corresponding Author has completed the rights and access form.
- 3.6 The Subscriber shall provide Elsevier with the credentials of at least one individual per Institution (name and email) to be set up on the EOA platform as an administrator. On completion of setup in the EOA Platform, the Institution's administrator shall be responsible for validation of a Corresponding Author's eligibility within 15 business days after Elsevier sends an eligibility validation notification to the Institution via the EOA Platform ("Validation Date").

#### **4. Payment and Invoicing**

- 4.1 In the event that (i) the maximum number of open access articles set out under clause 2.3 above has been reached during the relevant contract year, (ii) the Subscriber does not validate the eligibility of an author by the Validation Date or (iii) the Corresponding Author elects to publish an open access article in an Elsevier owned and Elsevier published journal that is not an Eligible Journal as defined in clause 2.1, the relevant Corresponding Author must pay the APC themselves and Elsevier will send the Corresponding Author an invoice in the amount of the then current APCs as set out at <https://www.elsevier.com/books-and-journals/journal-pricing/apc-pricelist> to the address provided by the Corresponding Author.
- 4.2 The Subscriber is responsible for informing Corresponding Authors of the terms of this Agreement.

## **5. Reporting**

- 5.1 The Institutions will have access to reports that include a breakout of all articles (open access and subscription based) published by Corresponding Authors in the Elsevier journals governed by this Agreement. Minimum metadata requirements are: Corresponding Author name, Corresponding Author affiliation, corresponding e-mail, funding grant IDs (if provided), date of acceptance, journal title, ISSN, article title, article type, article APC, open access Y/N, DOI, and CC license.

## Annex A to Schedule 3

### Core Hybrid / Fully Gold Open Access Eligible Journals

This list of eligible core hybrid and fully gold open access journals may from time to time be subject to changes, including, but not limited to, changes resulting from the addition of new journal titles, journal transfers and/or changes of business model or ownership.

#### Core Hybrid and Fully Gold Open Access:

## ELSEVIER SUBSCRIPTION AGREEMENT

### Schedule 4

#### Industry Standards and Related Obligations

(urls and web addresses below are for guidance and may change)

Elsevier agrees to implement the following industry standards to enhance access and use of the Subscribed Products and shall:

1. provide the Subscriber with usage statistics compliant with the most recent release of the COUNTER Code of Practice ([www.projectcounter.org](http://www.projectcounter.org)), organized by month as described in Section 2.4;
2. archive the journals (where Post Termination Access to Subscribed Titles is applicable) to ensure that they are preserved for future scholarship in the following archiving solution:
  - a. Portico
3. use all reasonable efforts to meet the W3C standards ([www.w3.org/WAI/Resources/#in](http://www.w3.org/WAI/Resources/#in)) to ensure that the journal content is accessible to all Authorized Users;
4. use all reasonable efforts to meet the Open URL Standard ([http://www.niso.org/kst/reports/standards?step=2&project\\_key=d5320409c5160be4697dc046613f71b9a773cd9e](http://www.niso.org/kst/reports/standards?step=2&project_key=d5320409c5160be4697dc046613f71b9a773cd9e)) to ensure that Authorized Users can search for and find the journal content;
5. use all reasonable efforts to comply with the Code of Practice of Project Transfer ([www.projecttransfer.org](http://www.projecttransfer.org)) to ensure that journal content remains easily accessible by the Subscriber and its Authorized Users when there is a transfer of material between parties, and to ensure that the transfer process occurs with minimum disruption;
6. provide link-resolver vendors and other library systems suppliers quarterly with full details of the journal titles in accordance with the most current KBART standard (<http://www.uksg.org/kbart/s5/guidelines>); and also with related data of (i) the first and final year, volume, and issue and (ii) the algorithm or syntax for constructing an article-level link from an article's metadata within the journals;
7. provide relevant information to third party discovery tools (such as Scopus, Summon), in accordance with NISO recommendations ([http://www.niso.org/apps/group\\_public/download.php/13388/rp-19-2014\\_ODI.pdf](http://www.niso.org/apps/group_public/download.php/13388/rp-19-2014_ODI.pdf)); and
8. Elsevier shall provide the Subscriber with:
  - a. the digital object identifier (DOI) relating to the journals, at the title, journal, and article, and chapter levels promptly following the commencement of the Agreement, and
  - b. any relevant updates or amendments thereto, and otherwise promptly on request by the Subscriber.
9. Elsevier shall during the continuance in force of this Agreement collect and promptly provide the Subscriber with all other statistics in accordance with Section 2.4 of the Agreement and other information reasonably requested by the Subscriber in relation to the activities of Authorized Users in connection with the journals.
